

COLONEL ROOSEVELT WINS LIBEL SUIT AGAINST MICHIGAN EDITOR

COLONEL WAIVES DAMAGES AFTER THE DEFENDANT UTTERS
RETRACTION OF HIS STATEMENT

Jury Upon Judge's Instructions Brings in Verdict for the Plaintiff Without Leaving Their Seats and He Was Awarded Nominal Damages of Six Cents—Each Party to Suit Will Have to Pay Own Expenses But the Colonel is Satisfied.

MARQUETTE, MICH., MAY 31.—Col. Theodore Roosevelt today won his libel suit against George A. Newett who charged him with drunkenness and having waived damages after the defendant had uttered a retraction, the jury awarded the nominal damages of six cents provided in such cases by the law of Michigan. Each party to the suit will have to pay his own expenses.

Judge Flannigan instructed the jury to bring in a verdict for the plaintiff, which they did without leaving their seats. The colonel left for Chicago and the east at 5:30 o'clock this evening, less than two hours after the conclusion of the case.

The climax of the case came like the conclusion of a powerful drama. When the afternoon session began, the air was electrical with expectancy. Rumors were flying that the suit would be terminated.

"The plaintiff rests," quietly remarked Attorney James H. Pound and every eye was turned toward the table where sat the defendant and his attorneys, Horace Andrews of Cleveland and William P. Belden of Ishpeming.

Newett Takes Witness Stand.
"The defense will call Mr. Newett," announced Attorney Belden and a ruddy checked man, whose color did not disguise the fact that he is suffering from a serious illness, took the chair.

Colonel Roosevelt sat with folded arms, at first but when the defendant began reading his statement he moved to the utmost edge of his chair and betrayed an excitement which his rigid jaws could not hide. Mr. Newett was well along in his reading before the colonel, whose position seemed like that of a man about to leap forward, lost the tense look on his face.

"It is fair to the plaintiff to state that I have been unable to find in any section of the country any individual witness who is willing to state that he has personally seen Mr. Roosevelt drink to excess."

At this the plaintiff smiled, and, relaxing, spoke a few words in the ear of Attorney Van Benschoten. The latter smiled back at him. The colonel broke into a grin again when Mr. Newett, speaking distinctly and with emphasis, said, with reference to the mass of testimony adduced by the plaintiff, "I am forced to the conclusion that I am mistaken."

The statement admitted that a search of the country had been made to investigate stories of persons who were alleged to have knowledge that Mr. Roosevelt drank to excess but in every case the stories flattened out to mere opinion or hearsay.

Newett's Statement.
Mr. Newett's statement follows: "I was born on a farm near Janesville, Wis., in 1856 and lived there until I was about sixteen years old. I obtained my education in district school in that vicinity working on the farm summers and going to school winters. I came to Marquette county in 1873, having lived there ever since. In 1871 I began working for the 'Iron Ore' the first paper published in Ishpeming, and have ever since been engaged in newspaper work in this county."

"In 1879 I left the 'Iron Ore' and started the publication of a paper of my own and have continued its publication from then until the present. This paper is known as 'Iron Ore.'"

"The 'Iron Ore' is a weekly paper covering not only the mining districts of Michigan but elsewhere. In October, 1912, it had a circulation of over 2,500 to 3,000, four fifths of which was confined to the county of Marquette."

Is Absolute Teetotaler.
"I do not use wines or liquors myself in any form and am an absolute teetotaler, having strong convictions on this subject. Neither do I use tobacco in any form."

"In 1891 I was appointed commissioner of mineral statistics for the state of Michigan, a position I held two terms. In 1905 I was appointed postmaster at Ishpeming by the plaintiff of this case and held that office for four years. At the end of the term I resigned. I have also held positions on civic boards in the city of Ishpeming and am now president of the Ishpeming Advancement association."

Was Roosevelt Supporter.
"Prior to 1912 I had been for many years a strong supporter of Theodore Roosevelt, recognizing him as the great Republican leader and had frequently published editorials and other articles in 'Iron Ore' commending him and approving his policies and I had therefore assisted all his campaigns, not only by personal effort but also by financial contributions. Even in primary campaign 1912, I supported him as second choice for the Republican nominee."

"I mention these facts as indicating the impossibility of my harboring any feeling of personal malice against the plaintiff."

to hear statements from various sources that Mr. Roosevelt was drinking wines and liquors to excess. During this period I took a trip through the western country, passing through Montana, Nevada, and Arizona, as well as the intervening cities. The statements of Mr. Roosevelt's excessive drinking were repeatedly made in my hearing in various sections by many persons who I believe to be reputable, but notwithstanding this I was loathe to credit them. I felt that there was a possibility that these persons were mistaken and therefore thought the statements probably unwarranted."

Later during the winter of 1912 I took a trip to Florida, passing through Chicago and other cities en route and spent several weeks at Belleair and other Florida points.

"During this trip the same statements as to Mr. Roosevelt's habits were repeated in a very circumstantial way although no one was able to say that he had actually seen Mr. Roosevelt drunk to excess or personally knew that he did so."

"During this period I also talked with reputable people in Ishpeming and elsewhere than the places before mentioned who claimed to know the conditions as they existed in Washington and in whose statements I had the utmost confidence, both as to their reliability and their opportunity to know the facts."

Reference in Newspapers.
"During the spring of 1912 newspapers came to me on our exchange list various of which contained reference to Mr. Roosevelt's drinking habits. I saw and read these newspaper publications. From the statements seen in these papers and all information that had come to me from the other sources mentioned I felt that I could no longer doubt the truth of the statements which had been made, much as I regretted to believe them."

Unjust Attack on Candidate.
"When Mr. Roosevelt was nominated for the presidency on the National Progressive ticket I opposed his election having been a life-long Republican and believing that the success of that party would be for the best interests of the country. In October, 1912, Mr. Roosevelt made a campaign trip through Northern Michigan and among other places spoke at Marquette on the 9th. I was present on that occasion and heard him speak. In the course of his address he made what I considered a most unjust attack upon our candidate for congress who was one of my life long friends."

"This incident together with the statements which had previously come to my knowledge confirmed me in the opinion that Mr. Roosevelt ought not to be elected president and I concluded that it was my duty in opposition to his candidacy to publish the statements, which, I then believed to be true."

"I therefore wrote and published the article which is here complained of. This publication was intended only as a blow to Mr. Roosevelt's candidacy for the position he then sought. In this publication I acted in entire good faith, believing that the facts stated were true and believing that as a publisher I owed the duty to my readers to make the statement."

Requested no Correction.
"After this article was published on the twelfth day of October, 1912, neither the plaintiff nor anyone in his behalf notified me that he claimed the charges so made were untrue nor did they request me to make any corrections of the same."

"On the contrary this suit was commenced on October 25th, 1912 and the service of the papers constituted the first intimation I received that the article was complained of."

"After the commencement of this suit there was nothing for me to do but prepare to defend it and I did so to the best of my ability. From that time I proceeded to investigate the actual facts which could be shown by witnesses who would testify under oath. As I have said, up to the time of the publication my information had been through persons who claimed to have knowledge of the statements which had been made and I went forward to verify those statements and determine the witnesses by whom they could be proven. Additional information came to me from various sections of the country as the case had been given wide publicity."

Made Thorough Investigation.
"Both my attorneys and myself went forward with the investigation of all this with great thoroughness and in numerous places in various parts of the country we found reputable witnesses who were willing to swear that from observation during certain of the addresses and public appearances of Mr. Roosevelt they believed he was intoxicated when they saw him."

"We have been unable, however to locate or produce witnesses who will swear they have actually seen Mr. Roosevelt drink to excess. Upon this phase of the case when the statements attributed to such persons had been sifted it was found in each

instance that the witness did not him self know that Mr. Roosevelt had drunk to excess or that if he had made such a claim he was not willing to testify."

Unable to Locate Witnesses.
"It is fair to the plaintiff to state that I have been unable to find in any section of the country any individual who is willing to state that he has personally seen Mr. Roosevelt drink to excess."

"I have taken the testimony in the form of deposition of more than forty reputable witnesses who have expressed the opinion that on those occasions as to which they testified he was intoxicated."

"I believe all these witnesses were honest in making their statements. I have relied upon those witnesses but have recognized the lesser opportunities they have had to observe the plaintiff and his habits. Impressed by Nature of Evidence."

"I have been profoundly impressed during the progress of this trial by the nature and extent of the evidence produced by the plaintiff to the effect that he did not in fact use liquor to excess on any occasion."

"I am unwilling to believe that these eminent men would purposely misstate the facts or that under the circumstances related by them and their intimate acquaintances with the plaintiff for so many years they could be mistaken as to his habits. I have therefore been forced to believe that those who have given depositions or made the statement that in their opinion on the occasions to which they refer Mr. Roosevelt was intoxicated, had insufficient means and opportunity of correctly observing him and were mistaken."

"Up to the time of this trial I had believed that the statements made in the article which I published were entirely warranted. But in the face of unqualified testimony of so many distinguished men who have been in position for years to know the truth, I am forced to the conclusion that I was mistaken."

No Intentional Injustice.
"I am unwilling to continue to assert that Mr. Roosevelt actually and in the fact drank to excess. As a publisher of a newspaper I had never knowingly done injustice to any man and neither I nor any of my attorneys is willing now to make or continue the assertion of an unjust charge against the plaintiff in this case. We have reached the conclusion that to continue expressly or impliedly to assert that Mr. Roosevelt drank to excess or actually became intoxicated as set forth in the article would do him an injustice."

"Since publishing the article I acted honestly and in good faith. I disavowed this time and throughout the remainder of the case to occupy a like position. My position throughout the introduction of my defense is and will be in the publication I acted in good faith and without malice."

Leaving the stand and returning to his seat Mr. Newett looked in the direction of Colonel Roosevelt but the latter was whispering to Attorney Pound and he turned to Judge Flannigan and said:

"With the court's permission the plaintiff would like to make a brief announcement."

The judge nodded and Mr. Roosevelt rose. Bowing to the court the colonel said that he would waive the matter of damages save for the nominal amount provided by law.

Speaking of his purpose in instituting suit he said:

Roosevelt's Statement.
Colonel Roosevelt's statement to the court follows:

"Your honor, in view of the statement of the defendant I ask the court to instruct the jury that I desire only nominal damages. I did not go into this case for money. I did not go into it for any vindictive purpose. I went into it and, at the court's order, I made my reputation issue because I wished once for all during my lifetime, thoroughly and comprehensively, to deal with these slanders so that never again will it be possible for any man in good faith to repeat them. I have achieved my purpose and I am content."

Judge Flannigan read his charge to the jury immediately. Speaking of Colonel Roosevelt as the plaintiff, Judge Flannigan said:

"Certainly he has convinced the court, not only that he never was drunk but that he is now and always has been a temperate and abstemious man."

As soon as William H. Matthews foreman of the jury reported the verdict as directed by the court, court adjourned and Colonel Roosevelt stepped forward and shook the hand of each juror.

"I thank you gentlemen, each one of you," said the colonel. "It was splendid, just perfectly splendid."

Principals Do Not Meet.
While Colonel Roosevelt, smiling delightedly after the verdict, was chatting with various persons, occasionally uttering some appreciation of the way in which Judge Flannigan had governed the case, or of some cleverness of his lawyers, Mr. Newett was speaking with his friends in the room, while every eye was watching to see if the two principals to the suit would get together.

Mr. Newett was the first to leave the court room but although he was frequently halted on the way to his automobile by persons who wished to express admiration of the manner in which he had acknowledged himself in the wrong, he was on his way to his home in Ishpeming before the colonel left the building. The one opportunity where they might have casually passed in this way and there was no further chance as the colonel had to hurry to catch his train.

Will Accept Mediation.
Buchanan, May 31.—The chamber of deputies by a vote of 127 to 17 to day authorized the government to accept Russia's mediation in the territorial difficulties with Bulgaria.

PENNSYLVANIA WINS CAMBRIDGE MEET

WIN ANNUAL TRACK AND FIELD
MEET BY SCORING 24 POINTS

Harvard Took Second Place With Michigan, Cornell, Dartmouth, Yale, California and Wesleyan Finishing in the Order Named.

CAMBRIDGE, MASS., MAY 31.—Twelve sturdy Quaker legs, with which six wearers of the red and blue gathered in 24 points, won for the University of Pennsylvania the 38th annual track and field meeting of the Intercollegiate Association of Amateur Athletes of America in the Harvard stadium today. The score was the smallest made by a winner in the history of the association.

John Paul Jones, Cornell's captain, finished his college career track career by running the fastest mile ever credited to an amateur, his new world's record time being 4 minutes, 14 2-5 seconds. This is just one second lower than the previous record which Jones made on the same track two years ago. In the half mile event Jones finished second. The 220 yard dashes and the 220 yard low hurdles were equalled respectively by J. E. Patterson and D. F. Lippincott of University of Pennsylvania and J. L. Windell of Wesleyan. The latter won both hurdle events and was the only double winner of the day.

Harvard Hurdler Disqualified.
Harvard was giving Pennsylvania a stiff battle for the lead when Jackson, the crimson's colored hurdler, knocked down three bars in the 220 yard event and was disqualified. He had won second place Harvard, which had not been considered a factor, would have won the meet.

Michigan was a close third on points while Cornell, which had been expected to press Pennsylvania for honors, was fourth; Dartmouth took fifth place. By a margin of half a point, Yale managed to beat out the University of California and Wesleyan for sixth place.

Three athletes, Beeson, Allen and Shattuck, won the ten points which the University of California team carried back to the Pacific coast. Incidentally, a good proportion of the net receipts from 9,000 spectators was turned over to the westerners based on the number of miles they traveled. Princeton, Columbia, Brown, Syracuse and Pennsylvania State college finished in the rear of the standing by points.

Shattuck of California, with a record of 175 feet in the hammer throw, failed by many feet to repeat. Captain Beeson of California did better in the high jump, while Whitney of Dartmouth tossed the shot to within nearly a foot and a half of the record.

Captain M. E. Weight of Dartmouth, the world's greatest pole vaulter, was another who failed to attain previous heights. He was beaten out by Fiske of Princeton and tied by Waggoner of Yale. The running broad jump of Mercer of Pennsylvania was a foot behind the record.

Fast Work on Cinders.
It was on the cinders that the leading exploits of the afternoon were performed. After the wonderful mile of Jones, Captain Haft, the Michigan giant, ran the quarter mile within two-fifths of a second of the record. Then Patterson's great sprint in the century dash to equal association figures of 9 4-5 seconds. The two mile was slow, although it developed a spirited fight. Wendell cleared the high hurdles in 15 2-5 seconds in one of the trial heats and in the final over the low timbers in even association time of 23 3-5 seconds.

Lippincott's time in the furlong equaled another association record and he was running hard at the finish.

The points scored were as follows: Pennsylvania 24
Harvard 21 1/2
Michigan 19
Cornell 17 1/2
Dartmouth 14 1/2
Yale 10 1/2
California 10
Wesleyan 10
Princeton 6
Columbia 4
Brown 3
Pennsylvania State 1
Syracuse 1

Wisconsin Has No Competition.
Madison, Wis., May 31.—University of Wisconsin athletes had all the better of the dual meet with Minnesota at Camp Randall today, winning 108 to 18.

Minnesota competed only in the track event, her field men being kept at home by expensiveness.

Torney of Wisconsin distinguished his return to the track by winning the first event on the calendar, the 100 yard hurdles, all three places in which event were taken by the Ogdens. Wilcox of Minnesota made a brilliant showing in the 220 yard low hurdles, finishing in 25 3-5 in a trial in which he attempted to lower the conference record.

KILLED WHEN STREET
CAR STRIKES AUTO
Chicago, May 31.—Lieut. Thomas E. Golden of the Chicago fire department was killed tonight when a street car struck the automobile in which he was riding with his brother, Dr. John P. Golden. Dr. Golden was one of Colonel Roosevelt's physicians while the colonel was in a hospital here after being shot in Milwaukee. Dr. Golden was driving the automobile. He was uninjured.

MAKES PERILOUS TRIP IN NEW "FLYING BOAT"

ATWOOD BREAKS WORLD'S RECORD
FOR FLIGHTS OVER WATER

Attempts to Reach Detroit But Gasoline Supply Gives Out and He is Forced to Ask Aid of Passing Freighters—Will Make Flight Today.

SANDUSKY, O., MAY 31.—Harry N. Atwood of Boston, the aviator who flew from St. Louis to Boston in an aeroplane two years ago left city this afternoon shortly after three o'clock in a "flying boat" which he designed. He was sighted over Put-In-Bay Island at 3:30 but nothing more had been heard of him at 10 o'clock tonight.

Atwood Reported Safe.
A telephone message received here at 10:15 o'clock stated that Atwood had made a safe landing late this evening near Amherstburg, Ontario, on the Detroit river, a few miles south of Detroit on the Canadian side. No details of the flight were given.

Atwood telephoned tonight from Amherstburg that he had been in the air continuously for three hours and thirty minutes, the most of the time at a height of 1,000 feet and that he had covered more than two hundred miles, breaking the world's record for flights over water by about 75 miles.

He said he expected to return to Sandusky in "boat" tomorrow afternoon if weather conditions are favorable.

Picked Up Off Bar Point.
Detroit, Mich., May 31.—Harry N. Atwood, enroute from Sandusky to Cleveland across Lake Erie in a hydro-aeroplane, was picked up off Bar Point near Amherstburg, Ontario, this evening. His gasoline had given out. He is spending the night in Amherstburg.

Atwood told his rescuers that he would have had no difficulty in making his destination had the weather not become foggy and the wind disagreeable when he was about 30 miles out of Cleveland. This caused him to change his course.

He thought he would be able to reach Detroit but was flying about a thousand feet in the air when his gasoline ran low. When he reached the water he appealed to passing freighters for aid and one of them summoned a tug from Amherstburg which picked him up.

Atwood said he would attempt another trip up the river to the city tomorrow.

EXTREME HEAT BREAK ALL MAY RECORDS IN KANSAS

Heat Records are Smashed Also in Missouri and Oklahoma—Rain is Badly Needed.

Kansas City, Mo., May 31.—With a third day of extreme heat that has broken all May records in Kansas, Missouri and Oklahoma, people in parts of those states are beginning to talk of short crops. Rain is badly needed in several sections.

In southwestern and central Kansas where dry weather recently has prevailed the probable wheat yield has, in the opinion of grain men and farmers, been cut down materially in the past three days. Every day of the present weather means a big loss they say.

To day over Kansas the thermometers stood above the hundred mark or scarcely below it.

Enid, in northwestern Oklahoma, has experienced temperatures averaging above 100 degrees for the past three days. Experts there state that wheat in that section has been damaged.

Southern Missouri is still gripped by the heat. Soda Springs reported 98 degrees to day, the hottest day of the year so far.

Little relief for this territory is promised by the local weather observatory. Showers fell in a very few places in Kansas last night and to day. At Leavenworth the heat claimed one victim.

TELLS IN COURT HOW HE CHOKED HIS WIFE TO DEATH

It Becomes Necessary to Clear the Court Room of the Unruly Crowd as Prisoner Tells of Crime.

Kansas City, May 31.—A crowd of negroes who listened to Wesley Robinson tell of how he choked his wife to death the night of April 11, last, became so unruly in Justice Simrall's court today that the justice ordered officers to clear the court room. The crowd remained in the street for several hours and it was necessary to take Robinson through a rear door to the jail.

Robinson pleaded guilty and told how he and Jennie Hill, a negro woman held with him, dismembered the body of his wife. The Hill woman, he said, afterwards went into the room where his 11-year-old stepdaughter was sleeping and choked her to death. The two then dismembered the girl's body.

The Hill woman pleaded not guilty. Both were bound over to the criminal court.

WILLING TO CONSIDER PLAN.
Washington, May 31.—Austria-Hungary and the Netherlands today gave notice of their willingness to consider Secretary Bryan's peace plan. Ten countries have responded favorably to the administration's recent note on this subject. Mr. Bryan announced the names of eight yesterday.

WAR DECLARED BY OFFICIALS OF DENVER

OLD ADMINISTRATION OFFICERS REFUSE TO GIVE UP JOBS

Declare They Will Not Surrender Offices Until the Validity of the Commission Form of Government Has Been Upheld By a Court Decision.

DENVER, COLO., MAY 31.—Every municipal office in the city and county of Denver tonight is under heavy guard of uniformed and plainclothes policemen to frustrate any attempt of the newly elected commissioners to take possession of the city administration. Doors are barred and padlocked and pickets line the walks around the city hall and court house to inform those within of any approach of the commissioners.

Mayor Arnold, Sheriff Daniel M. Sullivan and Treasurer Allison Stoker, old administration officers tonight issued a statement to the newly elected commissioners, declaring they would not surrender their offices until the validity of commission form of government and the election under which it was held had been upheld by a court decision. They urged the new commissioners to join them in a test suit at once. The new commissioners declared they would attempt to enter the city hall Monday morning and hold their first meeting in the council chambers. If thwarted by force they will try to meet in the corridors and if that is impossible will select the open street for their first meeting at which time they will proceed to elect a mayor and pass an ordinance vacating every city office except positions held by members of the fire and police departments.

BANDIT HUNTERS MAKE ARRESTS

HOLD SIX MEN AND ONE WOMAN
FOLLOWING LONG SEARCH

Bloodhounds Follow Trail to Where Stolen Boat Was Tied—Trail Then Led Dogs to Boarding House in Crockettville—Picture of Four Men in Boat Found in Saloon.

LASALLE, ILL., MAY 31.—Six men and one woman were arrested today following search for the bandits who held up two pay buggies Thursday and killed two men. Bloodhounds picked up a trail near Vermillion river this morning and followed it to the west bank of the stream where a boat in which the bandits escaped was tied to a tree. The trail then led the dogs to a boarding house in Crockettville a mile away.

Mrs. Grace Paletti was arrested and she refused to make a statement. Hidden under a barrel near the house the police found a revolver. Andrew and Frank Corti were taken from the Jonesville mine and admitted they were owners of the boat but they told the police they rented the boat to a fellow known only as "Jim" Wednesday night. Detectives found "Jim" had left Crockettville for a while and bloodhounds were set at work in the foreign quarter of the city tonight.

The crew which led to the arrest of persons today was furnished by a snapshot of four men in a boat found in a drinking place, known as "Cave-in-the-Rock" in Jonesville.

FIREMEN OVERCOME.
Peoria, Ill., May 31.—Seven firemen were overcome by gas while fighting a fire that practically destroyed the hardware store of F. Meyer & Co., today at an approximate cost of \$25,000. Five of the men are out of danger but the remaining two are now in a hospital in critical condition.

SENATOR BRADY MARRIES.
Chicago, May 31.—United States Senator James H. Brady of Idaho was married here tonight to Miss Irene Moore, daughter of Mrs. George M. Moore of Chicago. After the ceremony Senator and Mrs. Brady left for Washington which will be their home after June 15th.

WEATHER INDICATIONS
AND TEMPERATURES

Washington, May 31.—For Illinois—Fair Sunday, warmer in northeast portion, local showers at night or Monday in north, generally fair in south; light to moderate variable winds.

WILL BEGIN "LOBBY" PROBE TOMORROW

Committee Will Make Most Searching Investigation Of Conditions

PREPARE QUESTIONS

Each Senator Must Tell What Interest He Has in Any Bill Before Congress

MAY VOTE ON BILL BY AUGUST

WASHINGTON, MAY 31.—The most searching investigation ever undertaken into the private affairs and business connections of members of the United States senate will be the outgrowth of the "lobby" investigations which is open Monday morning before a sub-committee of the senate judiciary committee. While President Wilson's recent declaration that a powerful lobby is at work attempting to influence action of the tariff bill forms the basis for the senate investigation, questions prepared tonight by the committee to be asked of each member of the senate are such as to carry the investigation far outside of tariff matters. Each senator will be required to tell under oath whether he has any interest in any matter affected by any bill now before congress, or that has been before the senate during his term. Many members of the senate are openly associated with manufacturing, trading, livestock, lumber, financial or farming corporations of interest and under the questions of the committee they probably will be required to give such connections in detail.

Senators Overman, Reed, Walsh, Cummins and Nelson were selected early to day by the judiciary committee as the sub-committee to conduct the investigation. At two subsequent meetings this sub-committee decided to summon all members of the senate, beginning alphabetically and calling four senators at a time. Senator Overman tonight issued an appeal for public aid in the hearings.

"We invite the public to give us any information they may have in regard to a lobby," he said. "The committee wants to go into this matter thoroughly. Senators will be examined first and then such persons as we may learn have information as to lobbyists."

May Vote On Bill August 1st.
Democratic leaders of the senate in charge of tariff legislation today predicted that the senate would vote on the bill by August 1st. Members of the finance committee declared that the bill would be out of sub-committees on June 9th, that the full committee's report should be ready for the caucus by the following week and that the revised measure would be reported to the senate June 31st. Then it will be pursued vigorously until placed upon its passage.

Increases in all articles in the cotton schedule that may be classed as luxuries are to be made by the senate finance sub-committee. Members of the committee admitted that the cotton expensive tables all would be raised.

The agricultural schedule is under debate. Some say that it has not been definitely determined how to equalize raw materials and their products with respect to livestock and grains. Some senators favor a duty on meats, flour and oatmeal instead of placing cattle, sheep, hogs and grains on the free list. Members of the sub-committee are inclined to free list the raw materials but they said today that the sentiment of the senate would be sounder further before final report on this question made.

To Submit Reply Soon.
Japan's rejoinder to Secretary Bryan's reply to the Japanese protest against the California alien land legislation will be submitted to the state department early next week according to the present plans. The success of the negotiations will be known next week.

May Increase Committee.
Twenty senators instead of nine as at present will be members of the Democratic congressional committee hereafter if the committee approved in agreement reached today between senators and representatives on the plan for increasing the proportion of senators of the campaign organization. Representative Lloyd of Missouri as temporary chairman tonight issued a call for a meeting of the congressional committee next Monday night to act on the plan.

SELF MADE MAN DIES.
Baltimore, May 31.—Representative George Koenig, Democrat, of the third Maryland district, died of pneumonia at his home here tonight. He was 57 years old.

Mr. Koenig was serving his second term in congress and for a number of years had been prominent in Democratic politics in this, his native city.

He taught himself to read after reaching manhood. He went to work at six and a half years of age, as a firm helper.

The government fixes two special naturalization days each year. The following petitions were allowed: Peter Aagaard Sorenson, Antonio Vieira, Manuel Baptist and William Schone. Petitions of William Crozier and John Vieira were continued.

Pleasant Hour Club Meets.—The regular meeting of the Pleasant Hour club was held Saturday afternoon at the home of Mrs. Alfred Larson, 505 South Clay ave., with a good attendance. All of the members responded to a roll call with their favorite recipe after which a delightful social time was enjoyed and dainty refreshments were served by the hostess assisted by Miss Lucille Sperry.

May Share in Fortune.—Dispatches from San Francisco yesterday stated that Misses Minnie and Pearl Holmes are now on their way to Sweden to claim their share in the estate of Carl Christopher Springer, who is said to have left an estate worth \$11,000,000. The litigation involving the estate has extended over a period of years. W. T. Brown of this city is said to also be a relative and legatee of Mr. Springer.

SPECIAL MUSICAL INSTRUCTION.—Mr. Max L. Swarthout, director of the College of Music at the Illinois Woman's college will remain in the city practically the entire summer and will accept a limited number of pupils in both violin and piano. Interested parties may telephone (50-916 Ill. phone) or write for terms, etc.

FURTHER PLANS FOR SUNDAY SCHOOL DAY AT CHAUTAUQUA.

Committee Discusses Arrangements For Big Parade—Will Offer Prizes For Floats.

Further plans for the opening day of the chautauqua, Aug. 22, which is to be filled with a program arranged by the Morgan County Sunday School association, were discussed by the committee Saturday at the noon hour in the reading room of the Y. M. C. A. The committee which is composed of Dr. G. H. Kopper, J. K. Cunningham, Arthur Swain and Miss Flora Hall, first heard reports of the work of notifying the Sunday schools of the county regarding the coming convention at Lynville. It was decided to have a parade the first day of the Chautauqua. In order to make the event as truly representative of the standing and work of this institution in Morgan county, a special committee was appointed to begin work at once. To stimulate interest in this parade a number of prizes will be offered for floats of especial merit taking part.

Don't depend upon the old traveling bag for another trip. FRANK BYRNS' Hat Store shows a large assortment of extra good values at most reasonable prices.

LAUNDRY BY PARCELS POST. Call the Grand Laundry by phone or drop a card in the mail, asking about laundry service by parcels post. If you live in the country or in a nearby town this will prove a convenient and satisfactory way of handling your laundry. Phone 128.

MEMORIAL SERVICES AT CONCORD.

Decoration Day services were held at the Christian church in Concord Friday afternoon with George J. R. Woolf as chairman. Good music was furnished by the Choral club, consisting of ten voices, and Miss Anna Roach sang a solo in a very pleasing manner. Mrs. S. M. Henderson recited "The Army of Our Dead," and Mrs. T. W. Bass gave a recitation. Rev. J. G. Reed of the Methodist Protestant church read the 19th Psalm and offered prayer and Rev. Mr. Butcher, pastor of the Joy Prairie church, delivered the principal address, which received the praise of a large and appreciative audience. The veterans were shown every attention by those in charge and the church was very prettily decorated with flags, streamers, flowers and potted plants. The benediction was pronounced by Elder L. L. Zerby and the large audience then went to the cemetery west of town and decorated the graves of the thirty-seven veterans buried there. It was voted the best service of the kind held in Concord for years and S. M. Henderson, F. C. Nickel and E. Sanders were appointed the committee for the observance of the day next year.

SMITH COFFMAN TAKES CARBOLIC ACID IN PEORIA

Despondent Over Death of Wife in Denver Former Jacksonville Resident Ends Life With Poison.

With his wife dead in Denver, Colo., and without sufficient funds to make the trip west, Smith Coffman, colored, son of Edward Coffman of Anna street took sufficient carbolic acid to cause his death early Friday afternoon.

Edward Coffman received the telegram announcing the death of his son's wife, Maude, at 9 o'clock Friday morning. The message contained a request for twenty-five dollars for railroad fare and the explanation that young Coffman was out of money. Late in the day a second telegram arrived, with the news that the son had died from the effects of a self-administered dose of carbolic acid. His father left immediately for Peoria, taking the Wabash for Springfield and the interurban the rest of the way. George Coffman of South Koslosco street, an uncle of Smith, was the first to receive the second telegram. He says that the body will probably be brought to this city for burial.

Trimmed Hats at half price. Mrs. J. M. Becrup, 408 E. State, opposite Woman's college.

SCOTT'S HIPPODROME

The open air theater on East Morgan street will open in about two weeks, giving the people of Jacksonville a chance to see a good show, high class vaudeville and moving pictures. Great Scott, owner and manager of the "Great Scott Shows," has made arrangements with the largest feature film company in America and intends to run a feature picture every day in connection with the vaudeville. The admission to the Hippodrome will be 10 cents to all and you receive a coupon. This coupon and 5 cents will admit you to the Scott theater on the east side of the square, to be used on the same day issued, not good on Saturday night.

At the Hippodrome there is a section reserved for gentlemen who care to enjoy the balmy air of a summer night, a good show and a good cigar. We will keep the show on the square open afternoons and nights, it being the coolest place in town, having fourteen openings, 15 fans and one exhaust. The air is changed in this theater every five minutes, our chairs are sanitary and cool and we have just installed a disinfectant outfit spraying perfumed formaldehyde, the greatest germicide known to science.

DOMESTIC SCIENCE CLUB MEETS.

The Social Domestic Science club held its seventh anniversary at the residence of Mr. and Mrs. James Brown on Anna street Friday evening. A delightful time was spent in social conversation and a program was given, and delicious refreshments were served by Mrs. Millie Davis. The program follows:

SENATOR DEFENDS CENTRAL RESERVE ASSOCIATION

Senator Burton of Monetary Commission Speaks at Youngstown On Financial Reform.

Youngstown, O., May 31.—Senator Burton, a member of the national monetary commission in an address tonight to the Youngstown Association of Credit Men came to the defense of the Central Reserve Association proposed by the commission in its plan for financial reform and criticized as inadequate the regional reserve associations favored by Democrats in congress. Senator Burton declared that all the benefits that might lie in the regional reserve plan could be found in the central reserve as well.

"The objections to the regional plan are in the first place that which is not truly national," said the senator. "It has well been said that the most serious feature of every American financial panic has been the jealous and disgraceful struggle of the different localities to fortify themselves at the expense of each other."

"All the advantages which can be obtained from the separation into different regional associations can be as adequately and far more fully secured by the establishment of branches of one central institution. Under the regional plan, in case any one bank should be in trouble, it could have ready resort to the banking resources of but a fraction of the country."

Senator Burton attacked the proposal for the compulsory guarantee of bank deposits as a "tax upon well managed institutions."

He replied to the argument that under the monetary commission plan, money would flow to the great centers of trade by declaring that such a flow could no more be controlled than could the tide of population or the waters of a river.

JAPANESE ENVOYS COUNSEL PATIENCE TO COUNTRYMEN

Urge That Nothing Radical be Done and Declare Harmony Will Follow Negotiations.

Sacramento, Calif., May 31.—Counselling patience, urging that nothing radical be done and expressing a belief that harmony would follow the negotiations now proceeding against Japan and the American government regarding the enactment of the anti-alien land law, the Japanese envoys, who recently arrived in Sacramento, talked to 1,500 of their countrymen on the lawn of the Buddhist temple here tonight.

"Japanese in America and in Japan should realize that the 'tooth for a tooth and an eye for an eye' feeling is a mistaken policy," said Dr. Soyeda, representing the Japanese speaking in his native language. "It is the duty of all thoughtful and educated people of both countries to bring the conflicting elements in this controversy into harmony. The justice, liberty and equality rule of the United States insures fair treatment to the Japanese. A Japanese who adopts this country should keep in harmony with its society."

Mr. Hattori, a member of the Japanese parliament, said: "Your people at home are supposing you are suffering bodily harm. You might tell them such a supposition is a mistake. Tell them to be patient and everything will end all right."

BRITISH ARE WINNERS.

Philadelphia, May 31.—The British polo team defeated the all-Philadelphia at the Philadelphia Country club this afternoon by the score of 15 to 5.

Great Britain won by a rare exhibition of team work. Their dribbling of the ball causing the local players to frequently override it was one of the features of the match.

STRATTON IS RECAPTURED AFTER ANOTHER DASH FOR LIBERTY

Notorious Jail Breaker Succeeds in Escaping From Rock Island Jail But is Caught Soon Afterwards.

Rock Island, Ill., May 31.—Clyde Stratton, the notorious jail breaker who recently escaped from Leavenworth penitentiary by crawling several blocks through a fifteen inch sewer broke out of the Rock Island jail tonight but was captured soon afterwards. Stratton has escaped from prisons many times. He is wanted by the police of a number of cities for various crimes.

Tonight Stratton and four other prisoners got out of their cells and crawled to a skylight. Stratton led the way and the escape was so cleverly managed that the men almost got away unseen.

Deputy Sheriff Alvin was struck by a brick thrown by one of the fleeing men but was not seriously injured. They were caught after a chase through the streets.

Stratton was under arrest here charged with burglary.

His record includes two escapes from the Ohio state penitentiary, the last of which was accomplished by a journey through a sewer pipe the same as at Leavenworth.

HIGH SCHOOL ATHLETES COMPETE AT NORTHWESTERN

Schwenger of Milwaukee takes the 100 Yard Dash in 10:1-5—Bohm of Castle Heights Individual Star.

Chicago, May 31.—More than two hundred high school athletes of thirty two schools in the middle-west competed at Northwestern University to day in the annual interscholastic track and field meet.

Schools in Illinois, Wisconsin, Tennessee, Oklahoma and Michigan sent men.

Schwenger of Milwaukee took the hundred yards in 10:1-5, a new record, two feet ahead of Schneider of Kankakee. Nineteen runners lined up for the mile, won by Byers of Thornton. Neilson of Oklahoma led all the way in the quarter.

Bohm of Lebanon, Tenn., set a new school record for the shotput with 49 feet and 5 inches. A new record also was set by Felton of Milwaukee in the 220 yards low hurdles which Felton won in 27:2-5.

West Division High of Milwaukee won the meet with 27 points. Castle Heights H. S. of Lebanon, Tenn., was second with 17 and New Trier H. S., third with 13.

Bohm of Castle Heights was individual star getting 12 points.

SIGNS CONTRACT FOR \$100,000,000 LOAN.

Mexico City, May 31.—The finance minister has signed the provisional contract for the \$100,000,000 loan recently sanctioned by the government with the Banque de Paris et des Bas. The participation of Speyer & Co., the New York bankers, will extend to forty million pesos or in the neighborhood of \$20,000,000.

The action completes the loan which takes the form of ten year amortizable six per cent bonds at ninety.

Congress has adjourned to September.

ANOTHER WONDER OF SCIENCE

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff of scalp by dissolving into the scalp to get at the root of the hair, where it saps the vitality, causing itching scalp, falling hair, and finally baldness. With out dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

NOTES FROM THE LABOR WORLD.

Policemen in St. Louis are to have an eight hour day.

The Amalgamated Association of Iron, Tin and Steel Workers almost doubled its membership the past year. The International Stereotypers and Electrotypers' union of America will hold its annual convention in Buffalo next month.

The Mule Strippers' union of New Bedford, Mass., has entered a formal protest against the proposed cotton schedule in the tariff bill.

Ballots cast by the wireless operators employed by the Marconi company so far as received are almost unanimous for demands for higher wages to be made. The operators are voting of the same time for a strike if the demands are refused by the company.

Iron and steel workers in the organized mills, about 15,000 in number, gained another increase the other day of 25 cents a ton and proportionate advances for those who do not work on a tonnage basis. This does not apply to the workers in the steel trust plants.

The trade unions of New York number more than 525,000 members distributed over 2,469 locals. During the past fifteen years the gain was equal to about 250 per cent. This army of workers forms, in a large measure, the bulk of the intelligent wealth producers of the state. If they were a unit politically as they are industrially, they would be a great power.

The railway freight handlers and railway clerks of Salt Lake City, Utah, have formed a union, the organization being one of the latest to be organized in that city. The charter list contains the names of a large percentage of the men employed in this class of work and the prospects are that it will be augmented by many more within a short time.

During January and February of last year the American Federation of Labor issued 34 charters, chartering one department, eight central bodies, 21 local trade unions and four federal unions. For the same two months this year a total of 50 charters was issued, including nine central bodies, 32 local trade unions, and nine federal labor unions.

A large number of carpenters are on strike in different cities of the country, according to information received at their headquarters in Indianapolis. Nearly all the agreements of the carpenters and the contractors ended May 1, and on that day many went out. In some cities there is a difference over wages, in other cities as to hours. In some of the cities the differences have been adjusted.

Amalgamation of all men working in the metal trades into one large international organization under the banner of the Federation of Labor, for the purpose of maintaining the spirit of sympathetic strikes among laboring men, is the basis of a movement endorsed at the semi-annual meeting of the metal workers' unions and metal trades councils of Michigan and Ohio, recently held at Columbus, Ohio.

There is more teaming done in Chicago than in any other city of the world. The number of vehicles registered with the authorities was 80,000 in 1912, an increase of 11 per cent over the preceding year. Of these more than 50,000 are horse drawn wagons and trucks used for hauling merchandise and other commodities. The automobile trucks number 2,790. Teaming in Chicago represents an annual business of \$60,000,000 and an investment in excess of \$85,000,000.

PLAYS AND PLAYERS.

Billie Burke will spend her vacation in Europe.

Ada Rehan has sailed for her usual annual summer visit in England.

Gertrude Bondhill will be seen as an artist's model in "The Million."

John Cort will produce a new comedy next season called "The Marriage Game."

David Warfield's appearance as Shylock has been postponed to the season after next.

Jack Barrymore has procured a condensed version of "Anatol" for vaudeville use.

Low Fields has a new musical comedy entitled "All Aboard" ready for early production.

The Fritz Scheff Opera company has just been incorporated with a capital stock of \$10,000.

The recent revival of Gilbert and Sullivan's "Iolanthe" in New York proved highly successful.

The play in which Marie Tempest will appear in this country next season is called "The Handful."

Henry Miller has closed his tour for the season, but will begin his third season in "The Rainbow" in August.

Percy Maswell will open her fourth season of summer stock performances in Toronto about the end of this month.

The Chicago Opera company is to offer a prize of \$5,000 for an American opera company composed by a resident composer.

Thomas Meighan and his wife, Frances Ring, will be leading man and woman of a stock company in Los Angeles.

James T. Powers has made such a success in the revival of "The Geisha" that he has decided to star in this place next season.

Fanny Ward will be the star next season in a farce from the French entitled "The President," under the management of A. H. Wood.

Elliot Dexter, who played the role of the lawyer in "The Master Mind," will appear in a play shortly to be produced, called "Nature's Cry."

Edith Wynne Matthison is playing in a drama, "The Necessary Evil," by her husband, Charles Rann Kennedy, the author of "The Servant in the House."

Grace George is to go to London to play in "Divorçons." It is said she may make a world tour, appearing in this play, "Pretty Peggy" and in a Shakespearean revival.

For the first time in his long career, Maclyn Arbuckle is to appear next fall in a musical comedy. Such an arrangement was made the other day in New York with Klaw and Erlanger.

Tingles Blood with Warmth and Life

Anaemic, Pale, Thin, Bloodless, Tired, Weary People Feel the Breath of New Life and Vigor.

Don't Let the Wicked Imps of Bad Blood Lay You Low; S.S.S. will Save You.

The blood often needs a bracing influence. It demands help. It has lost that pulsating, invigorating effect that gives brightness to the eye, springiness to the step, activity to the stomach and digestion, and that ought to make you feel keen, alive and thrilled with the sensation of nervous and muscular energy. And you can realize all of these joyful experiences by a short use of that wonderful bracing medicine so familiar to a host of people as S.S.S.

It drives out the pains and aches of rheumatism, puts life into your dull, listless nerves; awakens the sluggish brain; animates the tired, weary muscles; and arouses your blood to throw out of the system all those poisonous germs and acids that cause eczema, lupus, psoriasis, acne, pimples, boils, tetter and those scrofulous taints which keep people half sick and make their skin unsightly.

Nearly all sickness is due to sluggish blood. And if you let S.S.S. bathe your system with its wonderful influence your nervous troubles, your wan, weary, faded, listless, lifeless body will revive and become so renewed with the sense of enjoyable health you will scarcely know yourself. Try S.S.S. today. Get a bottle at any drug store. It will drive out the "blues," put you on your feet; keep you going all day and enable you to sleep sound and restful. S.S.S. is not a "dope," not a physis, but a fine, bracing, purifying medicine that is sure to do you a world of good.

It is just what you need. S.S.S. is prepared in the great laboratory at Atlanta, Ga. and if you are troubled with any stubborn blood disease their medical dept. will guide you safely to health. Write them.

CUBS LOSE ENTIRE SERIES TO PIRATES

CHICAGO LOSES FIRST SHUTOUT OF SEASON 4 TO 0.

Adams Pitches in Great Form Allowing Cubs But Five Hits—Pittsburgh Scores Three Runs off Lavender in Eighth.

PITTSBURGH, PA., MAY 31.—Pittsburgh made a clean sweep today of the three game series with Chicago, handing the visitors their first shutout of the season, four to nothing.

Adams pitched fine ball, holding Chicago to five hits, three of which were bunched off him in the eighth.

In that inning Phelan was hit by Leach's batted ball, preventing the visitors from scoring. Smith pitched elegant ball for the Cubs holding Pittsburgh to one run in seven innings. Smith was taken out for a pinch hitter in Chicago's half of the eighth. Lavender who pitched the eighth inning walked Booe. Carey's double, Viox's single, Wagner's fly, J. Miller's single and a double steal by Viox and Wilson netted the Pirates three runs. Wilson having reached first by forcing Miller. Score:

GIANTS MAKE CLEAN SWEEP OF SERIES WITH PHILADELPHIA

New York Wins Fourth Game By Score of 3 to 2—Mathewson Invincible Until the Ninth.

New York, May 31.—New York made a clean sweep of their series with Philadelphia, winning the fourth game today by a score of 3 to 2. Mathewson was invincible until the ninth when Philadelphia scored two runs on a single by Magee, Luderus' triple and Fletcher's error on Doolan. Mathewson struck out Pinchhitter Walsh for third out. Rixey for Philadelphia also pitched well but the locals bunched hits on him. Score:

ATHLETICS OVERWHELM HIGHLANDERS 12 TO 2

Leaders Made Seventeen Hits For Total of 24 Bases off New York hurlers.

Philadelphia, May 31.—Philadelphia won the fourth and final game of the series from New York today 12 to 2. Clark was batted out of the box in the second inning and Klepper, who succeeded him was little improvement. The league leaders made seventeen hits for a total of 24 bases, Baker getting his third home run in as many days. McInnis also hit for a home run.

Bender pitched the first six innings without being scored on and retired at the end of the sixth.

SENATORS DEFEAT RED SOX IN ELEVENTH BY 5 TO 4 SCORE

Hamilton is Pounder For Five Successive Singles in Ninth When Cleveland Scores Three Runs.

Cleveland, O., May 31.—In a stirring ninth inning finish, Cleveland took today's game from St. Louis 5 to 4.

Leverenz held Cleveland to one hit in the first six innings but weakened in the seventh and was replaced after four successive singles had been made off him.

Hamilton, who replaced Leverenz, was touched for five successive singles in the ninth and St. Louis hammered Steen hard and he was taken out in favor of Blanding in the sixth after three runs had been scored in the fifth. Blanding was effective.

WIN ELEVEN INNING STRUGGLE WITH DETROIT 3 TO 2.

Contest Was Pitchers' Battle Between White and Zamloch—Collins Two Bagger, Sacrifice and Weaver's Single Win Game in Eleventh.

Chicago, May 31.—Collins' double a sacrifice and Weaver's single gave Chicago the long end of an eleven inning game with Detroit to day 3 to 2. The game was a pitchers' battle between White and Zamloch, with the former pitching the better ball.

Cobb was caught napping off first base and again was caught stealing.

NAPS WIN FROM BROWNS BY NINTH INNING RALLY

Washington Used Seventeen Men Including Four Pitchers in Effort to Annex Game.

Washington, May 31.—Washington won the most exciting game of the season here to day defeating Boston in an eleven inning game 5 to 4.

Boston got underway early and drove Hughes to the bench in five innings. Altrock, Engel and Boerling pitched in turn and held the visitors harmless. In all Washington used 17 men.

Bedient was almost invincible until the ninth when he weakened.

PICKUPS WIN GAME.

In a game between the J. W. Baptist Coal Co. team and Pete Vasconcellos pickups Saturday the Pickups were victors by a score of 3 to 0. Vasconcellos and Correa knocked home runs. Day allowed only three hits and thirteen hits were secured off Williams. The batteries were: Baptist team, Williams and Nunes; Pickups, Day and Correa.

ON THE SIDELINES.

Pittsburgh is running true to form again and we take back all the mean things we said about 'em a couple of weeks back. A big factor in their sudden reversal of form has been the high class first base play of "Ham" Hyatt. There are critics who are beginning to tout him as the real big success of the year. Looks something like it.

The poor old Cubs got another lambasting and this time by the shut out route. How the mighty have fallen.

Another easy win for Chief Bender. He should be in great form as the hot weather increases. He likes nothing better than a boiling hot day and a fast team behind him. He will have both next time he pitches.

Mathewson pitched one of his best games. Here's the season one-third gone and he knows no sign of going back. On the contrary he is pitching as grand ball as he ever did in his life.

Pretty fast game, wasn't it; that one between Giants and Phillies. One hour and thirty-seven minutes to play nine full innings is pretty good time. Contrast the Illinois Wesleyan game which took nearly two hours to finish four innings. But big league umpires keep things moving.

It wasn't Smith's fault that the Cubs lost. He pitched as good ball as his rival, Adams. This thing of putting in pinch hitters doesn't always work to the advantage of the team making the change.

Cleveland keeps on winning. It has been a long time since the Forest City has done so well and in consequence the fans are on the border land of insanity. Joe Birmingham has the right combination at last.

Guess Cobb will have more respect for the power of Schalk's throwing arm after his experience in yesterday's game. To be caught napping off first and to be thrown out at second is an unusual experience for the Georgia Peach.

Those Giants are managing to win on fewer hits than any of the other fellows, which shows that they are taking those desperate chances on the bases which made them famous last season.

Hom Hackett caught part of the game for the Gems at Peoria Thursday, as he has been reinstated in the good graces of the league by President Kearney.

"Deacon" Jim McGuire is scouting for Detroit. He was in Peoria during the series between the Gems and Quincy. It is said that he was watching Catcher Yelle of Distillers, who is playing fancy ball. It was McGuire who was here in Central Association days looking over Cleveland in those days. He thought Pat Lajoie was working over Cleveland in those days. He thought Pat Lajoie was working over Cleveland in those days. He thought Pat Lajoie was working over Cleveland in those days.

One of the surprises of the season is the showing of Nick Altrock, long considered down and out. He is pitching as well as he ever did, which is saying a good deal. This is a great year for "come backs." Witness Falkenberg, Overall, Altrock, Schaffer and Terry Turner, whose great work for Cleveland has made the absence of Lajoie only of passing moment.

Washington has had decidedly the better of it this series with Boston. It may be that the Senators will yet make good the prediction of Clarke Griffith that the team which bests Washington is the team that will win the pennant.

The pitchers for Jack Herbert's Pekin team on Memorial Day, when the Celestials took both games from Canton, were Hickstein and Swinehart. Simms will probably work today. Herbert has more pitchers than any other manager in the circuit and all of them are good. Buck seems to be holding his own and is being given every chance to prove his worth.

BROOKLYN-BOSTON SECOND GAME TEN INNING DRAW

Game is Called at end of Tenth on Account of Darkness With Score 3 to 3—Brooklyn Wins First.

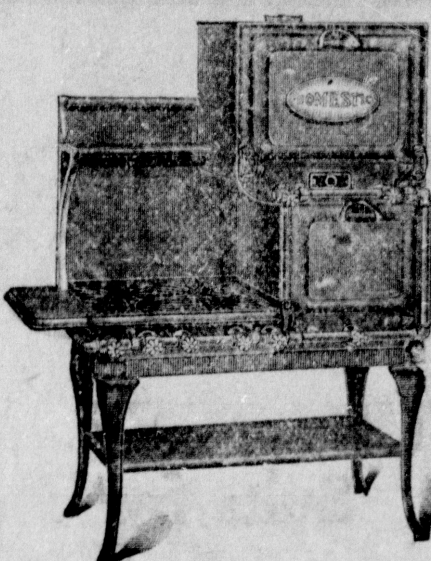

Boston, May 31.—After Brooklyn had shutout Boston 2 to 0 in the first game of today's double header the teams battled to a ten inning tie with the score 3 to 3 when the game was called on account of darkness. The first game was a pitchers' battle between Stack and Dickson, the former having the better of it.

The locals found Rucker in the fourth inning of the second contest for two singles and Mann's triple with an error by Cutshaw gave them their runs. Doubles by Smith and Stengel and a pass to Daubert netted Brooklyn two runs in the sixth inning and the score was tied in the seventh on a pass to Moran. Cutshaw's sacrifice and Wheat's single.

OBITUARY.

Mr. Alonzo B. Chappell passed away at his home in Independence, Iowa, Tuesday, May 20th, at 9:30. He was born in Jacksonville, Ill., and was a son of Charles and Eliza Chappell. In 1861 he crossed the plains with a wagon train, locating in and about the mining camps at Deer Lodge, Butte and Virginia City, Montana, for four or five years, when he returned to Jacksonville.

On July 9th, 1867, he was united in marriage to Miss Rebecca McKee of Keokuk, Iowa. He had made his home the past twenty odd years at Independence, Iowa, during which time he was engaged in the real estate business principally. Mr. Chappell was a kind and most indulgent husband and father, devoted unselfishly to his home and home people at all times, was quiet and square in all his dealings with his fellowmen, and in all respects a good citizen and real friend and neighbor.

He is survived by his wife and two sons, Jesse M. Chappell of Iowa, Kansas, and Harry C. Chappell, postmaster of Independence, Iowa. Also by two sisters, Mrs. James W. Craig of Woodson, Ill., and Mrs. Amelia C. Rapp of St. Louis, Mo., and three grandchildren, Church Chappell of Independence, Iowa, and Mabeth and Charles Chappell of Iowa, Kan-

sas. Mr. Chappell will be sadly missed by all who knew him and they unite in extending a genuine sympathy to the bereaved widow and children and other relatives.

Take Plenty of Time to Eat. There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by all dealers.

POULTRY ASSOCIATION MEETS.

At a meeting of the members of the Morgan County Poultry association held Friday night in the office of Attorney William E. Thomson, Paul B. Fritcher, secretary of the Chamber of Commerce was present to talk over the plan of holding the annual show in connection with the Morgan County Farmers' Institute. The plan was discussed but nothing definite was done, as the matter is to be taken up with the Farmers' Institute officers and action will be taken at the next meeting of the Poultry Association.

BISHOP ROBERT MCINTYRE, D. D., LL.D.
(Who will deliver the baccalaureate address of Woman's college this morning at Grace M. E. church.)

THE AWAKENING OF JACKSONVILLE HAS BEGUN IN EARNEST. THE PENTULUM WILL SOON BE SWINGING OVER THE ARC OF UNITY OF PURPOSE TOWARD THE POINT OF FUTURE GROWTH.

The Young Men of the City.

There are hundreds of young men of Jacksonville that are now without employment. The closing of the schools and colleges over this great country leaves a throng of young men seeking employment. The city which has industrial plants or whole sale houses which can place the young men in profitable positions is conserving the brain and effort of her own as well as attractive young men from neighboring towns.

This is a beneficial service which a business men's organization should perform. Parents are anxious to have their children remain at home, but this will be impossible if opportunity for work is not given them. There is no stronger talking point for "Raising a Factory Fund" than that it will be a means to an end. It will induce concerns to locate in Jacksonville which will provide employment for the young.

Why the Young Men Are Inactive. When you think way the Boosters' club is not very active there is a reason. The fathers who are the business men are not very actively at work for the community interests. It is quite likely that their sons would inherit some of their "Don't Care" spirit. If the hours and brains which are wasted in idleness or in playing some social game by the hundreds of young men here in Jacksonville were spent in stirring up the older men, the results would be astounding.

"City Beautiful" Work.

On the corner of Morton avenue and South Main street an enterprising resident has put in a little flower garden along the curbing of the street. This is an example of thoughtfulness and pride for beautiful Jacksonville.

Minneapolis for two years has been using flower boxes in the business districts where it was impossible to find earth plots. These are used in addition to the flower beds in the front lawns and parkways in the streets.

Advertising Committees Believe in Publicity.

The advertising committee for the Jacksonville Educational festival are spending money this year. Little good can be expected when cents are

thought of in carrying out such a piece of work.

Seventy thousand envelopes, fifty thousand stickers for letter heads, thousands of chautauqua ribbons for conventions and many other judicious schemes will be used.

There still remains unsold several thousand envelopes, which many of the citizens are not using. **THE TRAVELING SALESMEN IS THE BUSINESS EVANGELIST. WE SHOULD SEE THAT HE SPEAKS WELL OF JACKSONVILLE.**

The traveling men who live in the city and who visit us occasionally are taking much interest in what the business men are trying to do to awaken civic pride in this community.

The following is a communication from one of Jacksonville commercial visitors and it shows that he is desirous of seeing us adopt a strong and vigorous industrial policy.

Mr. Vernon, Ill.
Mr. Fritchey, Secretary Chamber of Commerce, Jacksonville, Ill.

Dear Sir:
In traveling over my territory I came into a town which is making an enthusiastic campaign for factories, and are using the methods explained by the enclosed folder.

Jacksville has now wakened up and is doing a great deal through her business men to secure conventions. These are good things, but are only temporary in comparison with the lasting good of a manufacturing plant.

I hope to see the Chamber of Commerce commence developing a factory fund and settle the water question in order that Jacksonville can come to the front in a substantial manner.

Many laboring men would come to our city to educate their children, if they could only find work for themselves.

Trusting that this may be a suggestion to think on, I am
Yours truly,

Traveling Salesman.

The Business Men of Chicago.
The secretary is surprised to find that the members of the different committees of the Chicago Association of Commerce are content to sit hours in session discussing problems of their Chicago, while our committees sit uneasily carefully watching the time.

Their executive committee on May 16th considered twenty-seven differ-

ent items, including reports from every chairman. The chairman, and they are men of influence and weighed down with many responsibilities, vie with one another in presenting comprehensive reports. If the members of the committees are dead ones they soon find places for the public spirited individual.

If our heart is in the commercial organization the business men will take more interest in it. We have different conditions here than those which exist in the metropolis of the state, but we can take lessons from the Chicago business men.

They Will Visit Jacksonville Soon.

A special train carrying many prominent business men of Chicago will tour the state and visit forty of the chief cities. They will arrive in Jacksonville on June 10 at 8:15 a. m. and leave at 10 o'clock over the Wabash. The city administration and the directors of the Chamber of Commerce are making complete plans for their entertainment during their short stay in the city. It is quite likely that they will be given an automobile trip so that they can carry home with them impressions of the most beautiful Illinois city. Details of their trip will be published later, including the names of the members of the delegation.

REUNION NEXT SATURDAY.

The annual reunion of the Asademy Athenaeum-Conservatory Alumni association will be held at the Academy on Saturday afternoon, June 8th. Business meeting at 4 o'clock. Supper will be served on the lawn at 5 o'clock, followed at 7 by an address in Academy hall, by Mrs. Elmer Black of New York city.

Black, who will be remembered as Miss Ida Powell, a former student and graduate of the Academy, has been prominently connected with the World's Peace Movement and with various other philanthropic organizations. Her topic will be "The Influence of Women in Public Life," illustrated by personal experience.

The various women's clubs of the city are cordially invited to hear Mrs. Black's address.

BULLITT-IASIGI WEDDING.

Stockbridge, Mass., May 31.—St. Paul's church was the scene of a brilliant wedding at noon today, when Miss Nora Iasigi, daughter of Mrs. Oscar Iasigi of Boston, became the bride of William Marshall Bullitt of Louisville. Mr. Bullitt is a former solicitor general of the United States. The marriage ceremony was performed by Rev. Thomas Yardley, assisted by Rev. J. P. Franks. The bride had no attendants. Mr. Bullitt's best man was Henry du Pont of Washington and Delaware. The ushers were Messrs. Ross Todd, G. Culbertson and Scott Bullitt of Louisville, and Francis B. Crowinshield of Boston. Following the ceremony there was a large reception at "Clovercroft," the country estate of the bride's mother. Mr. and Mrs. Bullitt will make their home in Oxnook, Ky.

NEWS FORECAST FOR THE COMING WEEK.

Washington, D. C., May 31.—The home rule for Ireland bill will be brought up in the house of commons for the second time next Tuesday. The bill is expected to go through in the exact form in which it was passed last year, and later rejected by the house of lords. After a second rejection by the lords, which is regarded as inevitable as was the first, the bill will come back to the house of commons and, in the general belief, will be enacted into law.

Arguments in the so-called tap line case, which has attracted country wide attention, will be presented to the commerce court in Washington Tuesday. The question at issue is whether 57 tap lines located in various states are common carriers and entitled to participate in joint rates. Two municipal elections of wide interest will take place early in the week. Portland, Ore., will hold its first election under the commission plan of government. In Los Angeles where a mayor and other city officials are to be chosen, a hard fight for control is on between the Socialists and anti-Socialists.

The trail matches between the American tennis players and the Australasian team for the Dwight F. Davis international challenge cup are scheduled to begin Friday. The matches are to be held at the West Side Tennis club in New York city.

Events of the week abroad will include the birthday anniversary of Pope Pius X., and King George V., the running of the Epsom derby, the British women's golf championships, the opening of a maritime exposition at Amsterdam, and the Franco-America celebration commemorating the origin of the name "America" at St. Die.

Conventions and conferences of the week will include the general assembly of the Presbyterian church in Canada, at Toronto; the western governors' congress, at Salt Lake City; the general synod of the Reformed church in America, at Ashbury Park, and the annual convention of the Brotherhood of Locomotive Engineers and Firemen, at Washington, D. C.

Exercises in honor of the birthday of Jefferson Davis, only president of the confederate states of America, will be held Tuesday throughout the south.

Secretary Daniels of the navy department will go to Annapolis Friday to present the diplomas to the graduating class of midshipment at the United States naval academy.

POLL TAX IS DUE.

All citizens liable to the poll tax are hereby notified that the same is due and payable now. You will help the work of the city by prompt payment.
R. L. Pyatt, clerk.

CONSERVATORY NOTES.

There will be a recital of advanced students, among them candidates for diploma and teacher's certificate, next Tuesday evening, June 3rd, in Recital hall. The public is cordially invited to attend.

The Conservatory year will close next Saturday, June 7th.

The two spring festival concerts given Tuesday and Friday evenings of the past week, were both most successful. The faculty recital was given in Northminster church and the final concert at Westminster church, and both were well attended by appreciative audiences.

A students' recital will be given on Friday afternoon, June 6th, in recital hall. This will be the last recital of the year.

A students' recital was given last Thursday, May 29th, at four in the afternoon. The following varied program was presented:

DOUBLE LAUNCHING CEREMONY.

Baltimore, May 31.—Two magnificent passenger steamers built by the Chesapeake Steamship company for service between Baltimore and West Point, Va., were launched at noon today from the shipyards at Sparrows Point. The vessels were named City of Annapolis and City of Richmond. Miss Ursula Harrison, daughter of Fairfax Harrison, president of the "Monon" railroad, christened the City of Annapolis, and Miss Annie Carter Lee, a granddaughter of Gen. Robert E. Lee, christened the City of Richmond.

Makes Every Gasoline Motor Worth While

Polarine

Polarine starts to lubricate at the first turn of the motor—even in winter, after standing for hours at a temperature of zero. It maintains the correct lubricating body at any motor speed or heat, on the hottest summer day.

It penetrates to every part and gives it full protection. It keeps friction at the no-wear point and thus obviates many costly repairs.

And it serves in any type of motor—motor cars, motor boats, motor trucks.

Don't spoil a good motor with poor oil. And don't judge motor oil by appearance. The poorest oils may look as good as the best.

Polarine is made by the World's Oil Specialists with fifty years' experience with every kind of friction problem. Present day possibilities do not permit of the making of any better oil. All our vast facilities and resources are concentrated on Polarine.

To the General Manager of the Kitchen:

You doubtless realize that the success of your cooking and baking hinges to a great extent on the range you use. It is therefore vitally important that you have a range that will give the most perfect results, a range that will make every day's work a pleasure rather than a task.

Cooking with gas on a Detroit Jewel Cabinet Style Gas Range has proven a revelation to many women who once used other methods. They now work in comfort in a cool kitchen. When they are ready to bake they turn on the gas and the scientific oven construction of a Detroit Jewel insures perfect results.

Best of all, the one-piece star-shaped burners mean the smallest possible consumption of gas.

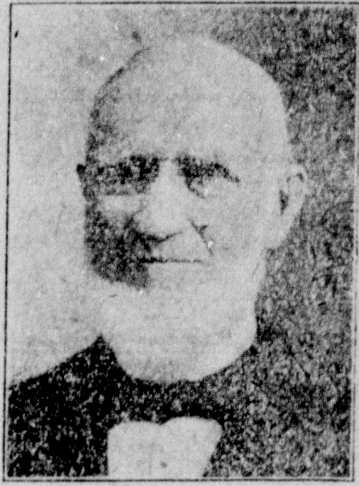

With this Cabinet style there is no bending or stooping. Everything is on a line with the eye. Can you imagine anything more convenient or essential to your best efforts in the kitchen? Why not look into the proposition further and see for yourself just what a Detroit Jewel Cabinet Gas Range will mean to you?

Dr. Thomas J. Pitner.

In 1865 Dr. Thomas J. Pitner began the study of medicine with Dr. H. K. Jones. Then for a year he studied medicine at the University of Michigan and continuing his course in the College of Physicians and Surgeons in New York city, graduated in 1869. In 1875 he spent a year in the hospitals of Vienna and took private courses of instruction also. Dr. Pitner saw active service in the war of the rebellion. Since 1869 Dr. Pitner, with the exception of the time spent abroad, has maintained his offices where they are now located and so has engaged in general practice in that one location for practically forty-four years. Dr. Pitner served as president of the Illinois State Medical society in 1899-1900. He is one of the oldest members in the society in point of service. Dr. Pitner is a trustee of Illinois Woman's college and of Illinois college in Jacksonville and holds other positions also of honor.

Dr. Frank P. Norbury.

Dr. Frank P. Norbury, at present assistant of the Illinois State Board of Administration, became a member of the Illinois State Medical society in 1891, and has been active in the discussion of the society since that time. He was born in Beardstown, August 5, 1862. He graduated from Long Island College hospital at Brooklyn in 1888, and soon afterward became resident physician at the Pennsylvania Institution for feeble minded children, at the same time performing post graduate work under such men as Dr. Weir Mitchell, Dr. William Osler and Dr. Charles K. Mills, making a specialty of nervous and mental diseases. Subsequently he became assistant physician at Jacksonville State hospital, resigning that post to engage in private practice in Jacksonville. He founded Maplewood Sanitarium in Jacksonville and disposed of his interests in that hospital when he accepted the post he is now holding under the board of administration.

Dr. David A. Prince.

Dr. David A. Prince, born in Brooklyn, Conn., June 21, 1816, and died in Jacksonville, December 19, 1889. He graduated from the

Ohio Medical college at Cincinnati and for a year was associated with the celebrated surgeon, Dr. Muzzy. He came in Jacksonville in 1843, and for two years was professor of anatomy in the medical department of Illinois college. He spent five years practicing in St. Louis and lecturing in the St. Louis Medical college, and in 1852 returned to Jacksonville and began the practice of surgery. He served for fourteen months during the war of the rebellion as a brigade surgeon and when a portion of his brigade was captured he voluntarily surrendered in order to care for his comrades in Libby prison. After the close of the war for some months he was employed by the sanitary commission in writing a medical history of the war. He subsequently spent some time in Europe, was a delegate to the International Medical congress in London and a member of the Copenhagen conference in 1884. It was in 1867 that he established a sanitarium here and for the years that followed he devoted himself unceasingly to his profession and to work of public welfare. His reputation was by no means local and no man or surgeon was more beloved.

Dr. Hiram K. Jones.

Dr. Hiram K. Jones became a member of the Illinois State Medical society in 1875. He was born in Culpeper county, Virginia, in 1815. He graduated from Illinois college in both literary and medical departments and commenced the practice of medicine at Troy, Mo. In 1851 he was appointed an assistant physician at Illinois State Hospital for the insane and in 1855 succeeded Dr. Higgins as acting superintendent. Shortly afterward he began the private practice of his profession, his office being on West College avenue, and there he continued his work until his death in 1893. Dr. Jones' literary attainments were marked and he was identified with some of the leading literary organizations of the country. He was a member of the famous Concord School of Philosophy, associated with such men as Emerson, Thoreau and Alcott. He founded the Plato club and the Jacksonville Historical society, the Lite-

rary Union and the American Akademe. He was an extensive traveler and was ahead of his time in thought and work. Local charity and educational work profited by his liberality.

Dr. Andrew McFarland.

Dr. Andrew McFarland became a member of the Illinois State Medical society in 1855 and was president in 1863. Dr. McFarland attained prominence as an alienist. In 1854 he became superintendent of what is now Jacksonville State Hospital and held that position for sixteen years. He resigned in 1870 and founded Oak Lawn Sanitarium and he continued his services in connection with that institution until his death. Dr. McFarland was frequently called upon to give testimony as a medical expert, one of the most famous trials in which testified being that of Guiteau, who assassinated President Garfield. Dr. McFarland was born in Concord, N. H., July 14, 1817, and graduated from the Jefferson Medical college in Philadelphia, 1841. He died November 22, 1891.

Dr. Carl E. Black.

Dr. Carl E. Black became a member of the Illinois State Medical society in 1889 and has continued actively in connection with the society until the present. He recently resigned as counselor of the society, after fifteen years of continuous service. Perhaps the fact that Dr. Black was born on the Fourth of July, at Winchester in war times, 1862, has had something to do with the spirit of patriotism which has been his all through the years, exemplified in whatever work he has undertaken. He graduated from Northwestern university Medical school in 1887, and the same year began the practice of his profession in Jacksonville. He has taken post graduate courses at the New York Polyclinic and the New York Post Graduate Medical school and has spent two years or more, at intervals, in study abroad. Dr. Black has contributed largely to current medical literature and has found time for a great deal of work along literary and philanthropic lines. As a surgeon he has risen to a very proud position in Illinois. Notwithstanding the constant demands upon his time in surgical

work, Dr. Black takes an important part in every movement which tends toward the betterment of Jacksonville and no day or night finds him too busy to do his share in such work. No better estimate could be given in general of Dr. Black's spirit than that which is suggested in a clause from the resolutions adopted at the last session of the Illinois State Medical society, when he announced his resignation as a counselor:

"Dr. Black is indefatigable, soldierly and ambitious in the spirit of service; a kind of a man who commands respect, whose intentions were and are of the kindest towards his fellowman; a man who despises invidious, and who advocates policies which were creative and which found no consolation in inglorious peace; nor catered to the mania of fashion. In him is to be found the heroism of war, the unselfishness of service, and the militant and missionary spirit of the best ideals of professionalism."

Dr. T. M. Cullimore.

Dr. T. M. Cullimore was one of the several physicians who studied under Dr. David Prince. He afterwards graduated in the medical department of the university of the city of New York in 1877. Subsequently he located at Concord where he built up a very wide and extensive practice. He came to Jacksonville in 1886 and his residence was at No. 838 West State street, where he also had a private hospital. He was vice-president of the Illinois State Medical society when the organization met in Jacksonville in 1889. He removed from Jacksonville to Denver and died several years ago. He is survived by his wife formerly Miss Mary Joy and two sons.

Dr. W. C. Day.

Dr. W. C. Day who since retired from active practice has lived at Whitehall was one of the early members of the State Medical society. He graduated from the Missouri Medical college in 1861 and began his practice at Palmyra. Subsequently he moved to Winchester and for a long period was very prominent in the medical work

of that county and did more surgery than anyone else there. For years he was a professor of obstetrics in St. Louis Medical college and went there from Winchester each week to lecture. He is the father of Dr. J. Almond Day of this city.

Dr. James Miner.

Another Scott county physician of prominence is Dr. James Miner who still lives at Winchester and although somewhat advanced in years attends to practice. He was graduated from Jefferson Medical school of Philadelphia in 1861. As a young physician he practiced at Waverly for a time but later on moved to Winchester which has since been his home. Dr. Miner has always maintained a very marked interest in medical progress and keeps in close touch now with every advance made. His daughter, Miss Helen Miner, was formerly head surgical nurse at Passavant hospital and is now resident nurse of Illinois Woman's college.

Dr. E. M. Griffith.

Dr. E. M. Griffith was in his day the most prominent medical man in the city of Springfield. He graduated from the St. Louis Medical college in 1859 and for a great many years took a very active part in the affairs of the Illinois State Medical society. He held numerous offices in the society and was very active in the discussions at the annual conventions. He was a member of the first state board of health and gave to Illinois during a number of years an exceedingly and valuable service. Mrs. T. J. Pitner of this city is a daughter of Dr. Griffith and his son, Dr. B. B. Griffith is a well known practitioner of Springfield.

Dr. R. E. McVey.

The first president of the Morgan County Medical society was Dr. R. E. McVey and four years ago when the 50th anniversary of the society was held at Waverly he came back from Topeka, Kansas to be present. During his younger days he practiced for a number of years in Waverly. He graduated in 1861 from Rush Medical college. For a considerable period now he has been professor of diseases of the skin and clinical medicine at the Kan-

sas Medical college located at Topeka. His son is also practicing there.

Dr. Geo. N. Kreider.

Dr. Geo. N. Kreider is today editor of the Illinois Medical Journal and has held that position ever since the Journal was founded. After finishing his high school course here in Jacksonville, Dr. Kreider went to a college in Ohio and subsequently took his diploma in the medical of the university in the city of New York. He immediately located at Springfield and has practiced there ever since. As surgeon of Illinois national guard and a member of the state board of health he has been more or less prominent in public affairs. He has served as treasurer and as president of Illinois State Medical society and has been very actively interested in the organization and other ways as well. Although he moved away from Jacksonville some years ago he still entertains friendships here and is an occasional visitor. Like Dr. Black and Dr. Cullimore, he was a student under Dr. David Prince for a time.

Dr. Joseph Robbins.

Dr. Joseph Robbins was for a long period identified with the Illinois State Medical society. He was considered the leading practitioner in Adams county and was also quite active in local and state politics. Like a number of others who are mentioned in the group of physicians mentioned today he graduated in 1861 at Jefferson Medical college at Philadelphia. Subsequent to the death of Dr. Winslow he became superintendent of Jacksonville State hospital. His term of service was not long and he returned to Adams county, where he continued to be held in very high esteem until the time of his death.

Dr. T. J. Whitten.

Dr. T. J. Whitten has been identified with the State Medical society for a good many years. Dr. Whitten was for a number of years a resident of Jacksonville as he was the owner of the Prince sanitarium subsequent to the death of Dr. Prince. Prior to coming to Jacksonville he was practicing in No-

komis and he is there at this time and is accounted a very capable and successful physician and surgeon. He, too is a graduate of Jefferson Medical college at Philadelphia, having finished his course there in 1867.

Dr. Elbert Wing.

Dr. Elbert Wing had a very active connection with the State Medical society. He was the son of a physician and his father graduated from Illinois Medical college in this city in 1846. Dr. Wing was a graduate from Chicago Medical college in 1882 and subsequently was a member of the faculty of that college. He built up a very extensive practice in Chicago but about six years ago moved to Pasadena, Cal., where he now resides. Dr. Wing was a nephew of Dr. Geo. Jones of this city.

Dr. N. S. Read.

Dr. N. S. Read for a great many years a resident of Chandlerville was one of the prominent physicians in this section of the state who took an active part in the affairs of the state medical society. In his day he was the most prominent physician in Cass county, and practiced until his death about ten years ago. His daughter, Mrs. Morse, is still a resident of Chandlerville. Dr. Read graduated from Cleveland Medical college in 1844.

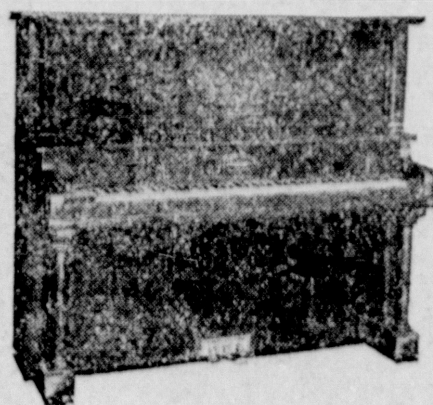

Dr. C. T. Wilbur.

Years ago Dr. C. T. Wilbur founded a home for feeble minded children here in Jacksonville. He started just in a small way largely as a philanthropic enterprise in the house afterward owned by Governor Duncan and now the home of Judge and Mrs. Kirby. Subsequently he persuaded the state to take up the project and the home was removed to Lincoln where he went as superintendent. The work broadened out in a large way under his direction. Afterward he was secured by the state of Michigan and placed in charge of the large home established at Kalamazoo and he continued to work there until his death a few years ago. Dr. Wilbur graduated in 1869 from the Berkshire Medical college which was the medical department of Williams college.

CONDITIONS GOOD ON J. C. O'NEAL'S MISSOURI FARM.

Lamar Paper Tells About Crop Outlook in That Locality.

The Lamar (Mo.) Republican-Sentinel in a recent issue had the following item about J. C. O'Neal's fine farm in that vicinity. Mr. O'Neal was sorry to leave Morgan county, but has found condition in Missouri very satisfactory.

"J. C. O'Neal came over in his buggy the other day and took the writer out to his big farm over in the Ozark school district.

"There are 320 acres in that farm. Eighty acres of the farm is in wheat, the finest wheat seen this year. Sixty acres are in corn. The wheat is out of the reach of any army or chinch bugs and the corn looks fine. The worms have not visited the corn fields as yet. The rest of the farm is grass land. The grass seed, orchard grass, blue grass and timothy sure got a good start this spring and the stand is as fine as was ever seen. A ride was taken over the entire farm and it was a pleasure to find another real modern farm in the way of fencing, care and arrangement. Mr. O'Neal has over a hundred head of fine sheep, some cattle and a lot of fine hogs. It is really a fine farm, one of the finest in the country."

FOR ALABAMA SENATORSHIP

Montgomery, Ala., May 31.—The coming week will see the beginning of Congressman Richmond P. Hobson's active campaign for the seat of United States Senator Joseph F. Johnston, whose successor is to be selected at the next primary election in Alabama. Mr. Hobson plans a speech making tour lasting several weeks and covering the entire state. Outward and visible signs are already abundant that the senatorship fight will be one of the most spirited Alabama has seen in years. Senator Johnston will be a candidate for reelection, though the state of his health may limit his campaign activities. Formal announcement of the candidacy of Congressman Clayton or Congressman Underwood, and possibly both of them, is expected at an early date.

MISSOURI WINS MO VALLEY CONFERENCE TRACK MEET

Winning Team Scores 41½ Points While Nearest Competitor, Ames, Scored But 25.

St. Louis, May 31.—The University of Missouri won the Missouri Valley conference track meet today, scoring 41½, while Ames, the nearest competitor, scored but 25. A world's record was equalled in the 120 yard high hurdles which John P. Nicholson of Missouri university negotiated in 15½ seconds.

Cowman of the Missouri School of Mine collapsed in the 440 yard dash when within five yards of the tape after leading the entire distance.

Purdue was handicapped by the absence of its team captain, John Saylor, who was called home by the death of his father.

PASSING OF FAMOUS OLD RACE TRACK. Auction Sale of Morris Park Estate Begun Saturday. New York, May 31.—An auction sale of the Morris Park estate, embracing the historic old race track of that name, was begun today. The crowd that gathered for the opening of the sale was the first that has been seen in the great club house since the good old days when racing was an established institution in New York. The sale is expected to last a week or longer, as there are upwards of 3,000 lots to go under the hammer. The club house and its furnishings, representing an investment of half a million dollars, will be disposed of to the highest bidder and may be removed by the purchaser or retained as a home.

Morris Park was first used for racing purposes August 29, 1889, as the successor of the famous old Jerome Park. Under the auspices of the New York Jockey club, and later under the Westchester Racing association, it was the scene of regular spring and fall meetings for fifteen years, until the end of 1904, when the Westchester Racing association transferred its activities to Belmont Park.

Charles Black of Springfield is a guest of friends in the city over Sunday.

THE MARKETS

BUYING FORCE IN WHEAT STRENGTHENED

BLISTERING TEMPERATURES AND ABSENCE OF NEEDED RAIN REPORTED GENERALLY.

Forecast Gave no Hope of Rain—Cut in Wheat Crop of India Tends to Further Disturb the Bears and Small World's Shipments Were Predicted.

(By Associated Press) Chicago, May 31.—Buying force in wheat today had greater momentum than at any time since the beginning of adverse weather and crop reports from the southwest. Notwithstanding setbacks due to heavy profit-taking the market closed steady at an advance of 1/4¢ to 1¢.

Corn finished 1/4¢ to 1/2¢ up, oats with a gain of 1/2¢ to 1¢ and provisions varying from 1/2¢ decline to an increased cost of 10¢. Blistering temperatures and absence of needed rain worried not only Kansas, but Oklahoma, Missouri and Nebraska as well.

Forecast gave no hope of a general rain. Material cut of the wheat crop of India tended further to disturb the bears and there were also predictions of small world's shipments.

Floods of selling orders from fortunate longs appeared to be all that prevented considerably higher prices than were reached in the wheat market. On all hard spots the offerings invariably grew to such volume as to turn the course of trade but then quickly lessened. A notable feature of business was improvement in cash demand, especially on the part of eastern millers.

Primary receipts of wheat (two days) were 737,000 bushels; a year ago 259,000 bushels. Exports of wheat and flour equalled 217,000 bushels.

Belated covering by shorts in corn advanced May sharply at the close. Otherwise demand was not urgent and prices merely reflected the action of wheat. Severe damage reports from the southwest carried oats high.

Provisions were helped upward by an advance at the yards, but afterward became irregular. There was uncertainty as to what might be expected in the monthly statement of stocks on hand.

CHICAGO LIVESTOCK MARKET. Chicago, May 31.—Hogs—Receipts 7,000; market active and 5c higher. Bulk of sales, \$8.70 to \$8.80; light, \$8.55 to \$8.65; mixed, \$8.50 to \$8.60; heavy, \$8.25 to \$8.30; rough, \$8.25 to \$8.40; pigs, \$6.45 to \$8.40.

Cattle—Receipts, 2,000; market steady. Receipts, \$7.00 to \$8.00; Texas steers, \$6.65 to \$7.50; western steers, \$6.80 to \$7.90; stockers and feeders, \$5.75 to \$8.00; cows and heifers, \$3.60 to \$7.80; calves, \$8.00 to \$11.00.

Sheep—Receipts, 1,000; market slow and steady. Native, \$5.10 to \$5.75; western, \$5.20 to \$5.75; yearlings, \$5.75 to \$6.35; lambs, native, \$5.65 to \$6.40; western, \$5.65 to \$7.50; spring lambs, \$6.00 to \$9.00.

MINNEAPOLIS GRAIN MARKET. Minneapolis, May 31.—Wheat was strong and narrow today. Prices sold to new high levels for the respective options on this crop. Strength was due largely to bullish crop reports from southwest. Minneapolis May expired naturally. Deliveries for month were 1,700,000 bushels much lighter than expected. May closed 1/4¢ higher and September 1/4¢ higher.

May opened 91 1/2¢; high, 91 1/2¢; low, 90 1/2¢; closed, 90 1/2¢. July opened 92 1/2¢ to 92 3/4¢; high, 92 1/2¢; low, 91 1/2¢; closed, 91 1/2¢ to 92 1/2¢.

September opened 93 1/2¢ to 93 3/4¢; high, 93 1/2¢; low, 93 1/2¢ to 93 3/4¢; closed, 93 1/2¢ to 93 3/4¢.

WOMAN'S COLLEGE NOTES.

The reception given last night by the trustees and faculty in honor of President and Mrs. Harker was a most delightful affair. In addition to the local guests about thirty out of town were present.

The exhibit by the school of fine arts and of the home economics has attracted considerable attention. Especially is this true in the fine arts department. A number of the students have developed unusual talent and the outlook for the department next year is better than for quite a while. In the school of home economics the exhibits most comprehensive and shows the thorough work which has been done all year.

The department of home economics has had one of the most successful years since it has been organized. More students have gotten good positions this year than ever before at this time and the standard of the department is recognized in all parts of the country. President Harker recently received a letter from a prominent college for women in Ohio

asking for one of the graduates in the degree course in home economics to take charge of the same department for them. The letter went on to state that the college there wished to give a course of real worth and looked to the Woman's college in Jacksonville to supply them with the right kind of a teacher. This was very gratifying to President Harker and to Miss Gillett, as it showed the high standing which the Woman's college has.

The expression department gave as their final recital Saturday night, a play by Oliver Goldsmith entitled "She Stoops to Conquer." The parts in the play were taken most creditably and showed that the work of the department has been of a high order.

Calendars of Commencement events may be had at a number of the stores or at the college office. Friends wishing to send copies out of town may be supplied at the college office.

The result of the tennis tournament will be found in the news items of the paper.

The College Greetings have closed a most successful year from every standpoint. The literary work of the

paper has been above reproach and it has been conducted with success financially. The young women who have acted as business managers have demonstrated that a college paper can be run without having a deficit at the end of each year.

Miss Golden Berryman, who receives her degrees next Wednesday, has just been appointed to the position of head of the English department of the Batavia high school in this state.

AUSTRALIAN ELECTION.

Political Battle Fought Out at the Polls Saturday.

Sydney, N. S. W., May 31.—The Australian commonwealth is awaiting in suspense the outcome of the great political battle that is being fought out at the polls today. Never before has the issues at stake in a campaign for the election of members of the commonwealth parliament been so momentous and never before has the feeling between the opposing parties been so high. Whether the labor party now in power shall be retired in favor of the liberal opposition or shall be returned to power for another period of three years is

the great question to be decided by the voters.

During the earlier years of federation in Australia little was accomplished looking to the permanent welfare of the new nation, but during the last few years, under the control of the labor party, a pioneering policy along economic, social and political lines has been adopted. What actually has been achieved is startling and what has been proposed even more so. Government ownership of railways, street car lines, telephones, telegraph, cold storage warehouses, and wireless systems has existed for some time. Recently there have been established old age and invalid pensions, "baby bonuses," a federal land tax, compulsory military training and a government bank. Within the past year the labor party has started construction of a trans-Australia railway system to cost \$20,000,000 and more recently the corner stones of a new capital on which it is proposed to expend \$25,000,000, were laid.

Although there are less than five million people on the island continent the federal government manages to collect an annual revenue of \$100,000,000; this from the federal land tax, customs and excise and the postoffice department. During the recent campaign the federal land tax, which imposes a graduated tax upon all holdings valued at more than \$25,000, received the brunt of the attack from the opposition. Second only in disfavor with the opposition is the proposal to spend so large a sum upon the construction of the new capital.

ROYAL COMMISSION TO VISIT CANADA.

Sydney, N. S. W., May 31.—The members of the dominion's royal commission of Great Britain, who have been inquiring into the commercial resources and possibilities of Australia, sailed on the steamship Ventura today for San Francisco, en route to Canada and England. Sir Edgar Vincent is the chairman of the commission. Other men of note in the party are Sir Alfred Bateman, for 40 years a member of the British board of trade; Sir Rider Haggard, the well known author and authority on agricultural questions, and Sir Joseph Ward, former premier of New Zealand.

BOSTON ANCIENTS TO CELEBRATE

Famous Boston Military Organization to Remember Anniversary.

Boston, May 31.—All the famous military organizations of the United States have been invited by the Ancient and Honorable Artillery company of Boston to join in a celebration of its 275th birthday anniversary during the first four days of next week. The celebration will begin with a parade Monday morning and will conclude with a banquet at which the guests will include many men of national prominence.

The Ancient and Honorable Artillery company is the oldest military organization in the country. It was in 1637 that a few citizens of Boston made the first endeavor to form a company. They made an application to Governor Winthrop, petitioning him for his sanction to the formation of a military company for the protection of the Massachusetts bay colony. Governor Winthrop refused their plea, remarking "how dangerous it might be to erect a standing authority of military men, which might easily, in time, overthrow the

civil power." After a few months, however, a broader view seemed to be taken by the colonial government and the plea was renewed. It was about a year later—March 13, 1638—that the charter was granted which authorized the organization under the title of "The Military Company of Massachusetts." A century later the present title was adopted.

During the revolutionary war so many members of the company fell in the field that only fifteen were left to respond when in 1786 "Emergency of Public Affairs" called upon them to maintain law and order. The Mexican and civil wars also depleted the ranks of the organization. Since 1747 the company has had its armory and headquarters in historic Faneuil Hall.

ELECTION IN PORTLAND.

Portland, Ore., May 31.—A strenuous political campaign closed today, preliminary to Monday's election, the first to be held in Portland under the commission plan of municipal government. Four commissioners, one mayor and one auditor are to be elected. Ninety candidates are contesting for the six offices.

JOSEPH WARNER SUFFERS SLIGHT STROKE OF PARALYSIS SATURDAY

Engineer is Taken Suddenly Ill
While at Scott Theatre—Resting
Easy at Midnight.

While attending the performance at the Scott theatre on the east side of the square Saturday night, Joseph Warner of 920 Ashland avenue was stricken with a slight stroke of paralysis and was unable to leave his seat without assistance.

A carriage was called and three men carried Mr. Warner to the waiting vehicle and he was taken to his home, where Dr. J. W. Hairgrove was called. The patient lost all use of his lower limbs, but did not seem to suffer any pain. At midnight he was resting easily. His many friends will hope for a speedy recovery.

"SHE STOOPS TO CONQUER."

Students of the Department of Expression Give Splendid Presentation of Play.

A cast of characters from students of the department of expression of the Woman's college, presented Oliver Goldsmith's well known play "She Stoops to Conquer," before an appreciative audience in Music hall last night. There are four scenes with five acts of the play and the stage settings were cleverly made. All the young ladies acquitted themselves in a pleasing manner, having their lines well in hand and the audience was pleased with the presentation. The characters were trained by Miss Amanda Kidder, and were as follows:

Sir Charles Marlowe—Essie Summers.
Young Marlowe—Ara Large.
Mr. Harcastle—Helen Moore.
ony Lumpkin—Nance Shirling.
Hastings—Mona Summers.
Stingo (Landlord)—Bess Hart.
Digory—Elizabeth Metcalf.
Simon—Ida Perry.
Ralph—Marjorie Becker.
Rogers—Katherine Aldrich.
Mat Muggins—L. H. Davis.
Joseph—Jane Culmer.
Tom Twist—Alma Harmel.
Jack Slang—Violet Taylor.
Aminadah—Corinne Hughes.
Jeremy—Lillian Davis.
Miss Harcastle—Vera Tomlin.
Miss Neville—Jeannette Powell.
Mrs. Harcastle—Frances Frazee.
Maid—Ida Perry.

CHURCH SUPPER.

The people of Shiloh church will hold a strawberry and ice cream supper Tuesday, June 3. The public invited.

SPECIAL MUSICAL INSTRUCTION.

Mr. Max L. Swarthout, director of the College of Music at the Illinois Woman's college will remain in the city practically the entire summer and will accept a limited number of pupils in both violin and piano. Interested parties may telephone (50-916 Ill. phone) or write for terms, etc.

ARE GUESTS OF

BERKELEY SPRINGS.
Berkeley Springs, W. Va., May 31.—Vice-president and Mrs. Thomas R. Marshall tonight are the guests of this city, having come here at the solicitation of Rev. A. D. Southerland, pastor of the Presbyterian church, who was associated with Mr. Marshall when the latter was governor of Indiana.

Tonight Mr. Marshall was presented with a gavel by the DeFord Lodge of Masons, which was made from the wood of the historic Washington elm which was planted by the "Father of his country" near here in 1774. The handle of the gavel came from the residence of the vice-president's mother in Indiana.

WILSON A REAL FAN.

Washington, May 31.—President Wilson demonstrated today that he was a real baseball fan when in the ninth inning of the game with Boston, Washington tied the score by an exciting batting rally, the president jumped to his feet along with the crowd and cheered. Later when the home team won the game, his face was beaming with enthusiasm. The presence of the chief executive has appeared as an omen of good luck to the Washington players. They have won every time he has been in the grandstand.

The president put in a day of recreation, playing golf in the morning over the links of a Virginia Country club nearby.

"HOW THE VOTE WAS WON"

Suffrage Play by Gamma Delta Society of Illinois College Heard by Large Audience.

It would have taken a heart of stone and feelings of adamant to have resisted the arguments for woman's rights set forth in dramatic form by the young ladies of the Gamma Delta Literary society at their annual open meeting Saturday evening at Academy hall. When the curtain rose at 8:30 the large audience present may have contained opponents to the suffrage cause. When the eight young ladies and two young men of the cast assisting had at 9:15 completed the one act play by Cicely Hamilton and Christopher St. John, "How the Vote Was Won", it is doubtful if any mere man or indifferent woman would have uttered a word of opposition.

This drama which was first produced in London in 1909, represents the efforts of the women of England to win the ballot. A general strike is called; the women of the entire island quit work and go to the male relative next of kin for support. Those who have no male relatives go to the workhouse. Needless to say, the husband whose execrations of the "heavenly chors," and the sudden departure of the cook proclaim his stubborn opposition at the beginning, sees the light and is shouting "votes for women" at the end of the play.

Henry Caldwell as Horace Cole could hardly have been improved upon. Miss Genevieve Clark as Winifred showed the true spirit of the ardent suffragette. Dramatic agent of a high order was shown by Miss Velma Dugger as Maudie Sparks, the actress. Especial credit is due to Miss Stella Cole for her work in training and her constant encouragement.

The cast consisted of Horace Cole (a clerk, about 30), Henry Caldwell; Ethel (his wife, 22); Miss Marian Capps; Winifred (her sister), Miss Genevieve Clark; Agatha Cole, (Horace's sister), Miss Gladys Shumaker; Molly (his niece), Miss Ione Linder; Madama Christine (his distant relative), Miss Annie Bellati; Maudie Sparks (the actress, his first cousin), Miss Velma Dugger; Miss Lizzie Wilkins (his aunt), Miss Marion Taylor; Lily (his maid of all work), Miss Maude Johnson and Gerald Williams (his neighbor), Fred Bray.

RAIN EAST OF CITY.
A heavy thunder storm passed to the east of Jacksonville Friday night, touching the vicinity of New Berlin and to the north. The rain was accompanied by fierce lightning and there was an abundance of hail of large size. Farmers throughout that section were discussing the seriousness of the crop situation yesterday if rain did not come soon.

MR. EVERETT A. WEEKS WEDS MISS ETHEL M. NORTRUP

Ceremony Took Place Recently in Kansas City, Where Young People Will Make Their Home.

Friends in the city have received word of the recent marriage in Kansas City of Mr. Everett A. Weeks and Miss Ethel M. Nortrup, the pastor of the Christian church of that city officiating. Both young people are well known in Jacksonville.

The bride is the daughter of Mr. and Mrs. Henry Nortrup of 626 South Fayette street and is a graduate of the high school with the class of 1911. While in school she was a leader in debate work and also represented Jacksonville in the annual speaking contest of the Western Illinois High School league, winning first honors. Her selection was "The Night Run on the Overland." After her high school course she studied elocution for a year at the Illinois Woman's college. She is a member of the Central Christian church and prominent in Sunday school work, also being a member of the choir.

The groom is the son of Thomas Weeks and is a graduate of the high school with the class of 1912. While in school he took a great interest in debate and represented the school in the Tri-City debate against Quincy. He has also been closely identified with the work of the Central Christian church, both in the Sunday school and the choir. He had recently been employed as floor manager at Waddell's store. Both young people have many friends in Jacksonville who will wish them well. They expect to make Kansas City their home, where Mr. Weeks has secured a position.

Straw or Panama Hats in the new styles are shown by FRANK BYRNS' Hat Store.

WILL MEND YOUTH'S BROKEN NECK

Kansas City, Mo., May 31.—Physicians who today performed an operation on Robert Barnett, 14 years, old, whose neck was broken, when he attempted a high dive into a lake here yesterday announced tonight that he would recover. It was the first successful operation of the kind ever performed here, physicians said.

ONLY \$7000 NEEDED TO COMPLETE ENDOWMENT FUND

Friend Whose Name is Withheld Gives \$5,000 Saturday—Last appeal is Being Made.

At the college chapel Saturday evening President Harker announced that a friend whose name could not be divulged has sent in a subscription for \$5,000, so that the amount necessary to reach the \$120,000 mark had been reduced to \$7,000.

Dr. Harker had to leave the city in the middle of the week and Dr. Thomas Nicholson, secretary of the Board of Education felt that the work was so imperative here that he consented to come. The report became current, despite denials that Dr. Harker knew where some large sums were to be had. Secretary Nicholson made an investigation and issued a most emphatic denial and letters were sent out to every minister in the conference denying the report and making a final appeal. Aside from the big gift of \$5,000 Saturday a number of small subscriptions came in.

A gentleman living in a town a few miles from Jacksonville, sent a most encouraging letter, promising to give the last \$1,000 of the \$120,000 if the desired amount was raised.

The workers feel most encouraged over the past few days campaign and with the 4th of June near at hand, the time when the money must be raised, all realize the extraordinary effort which must be made to secure the needed \$7,000. Final telegrams letters and appeals were sent out from the college Saturday.

The increasing demand for EVERWEAR HOSIERY proves that people appreciate the value. Any pair failing to give satisfaction can be exchanged at FRANK BYRNS' Hat Store.

RETURNS OF FEDERAL ELECTION IN AUSTRALIA INCOMPLETE

There Are Indications That the Labor Party Has Carried the Senate in Victoria.

Melbourne, Australia, June 1.—The returns of the federal elections here Saturday were too incomplete at an early hour this morning to give any idea of the general results. There are indications, however, that the Labor party, which is seeking such an extension of the centralization powers of the federal government as would give it complete control of industrial questions, has carried the senate in Victoria.

Among those re-elected are the premier, Andrew Fisher, minister of external affairs, Josiah Thomas; attorney general, William M. Hughes, minister of home affairs, King O'Malley; minister of trade and commerce, Frank G. Tudor and Postmaster general, Charles E. Frazier.

POLO PLAYER INJURED.

Meadowbrook, L. I., May 31.—Devereaux Milburn, back of the American polo team was seriously injured in practice this afternoon. His horse was tripped with the mallet and in the fall Milburn was kicked in the head.

Even should Milburn escape with nothing more serious than a severe shaking up, the accident will prove a setback for the American cup defending team. He will, in all probability, be unable to practice for a week at least. With the opening of the international series scheduled to be played on Tuesday, June 10th, this inability to line-up the regular team in the final workouts will seriously handicap the chances of the cup defenders.

CORNELL SETS NEW RECORD.

Philadelphia, May 31.—Several close finishes and a new record hung up by Cornell in the junior collegiate race marked the 11th American Rowing Association Regatta rowed over the Henley mile and 550 yards course on the Schuylkill river to day. The surprise of the regatta was the victory of the first navy eight over Columbia.

Cornell won easily from the Navy in the junior eight oared shell race.

FOUL TIP CAUSES DEATH.

Buffalo, N. Y., May 31.—Fritz Greenwald, 21 years old, catcher on a professional baseball team at Holland, N. Y., died on a train today of a fracture of the skull caused by a foul tip in a game yesterday. He was being taken to a hospital here.
